

### **Churches United For Fair Housing**

In 2021, Churches United for Fair Housing (CUFFH) received a [\\$65,000 grant from the CCHD \(Catholic Campaign for Human Development\)](#). This is their 4th grant since 2017, totaling \$260,000.

<b>CATHOLIC CAMPAIGN FOR HUMAN DEVELOPMENT</b>			
<b>2020-2021 GRANTEES</b>			
<b>Diocese</b>	<b>Grantee</b>	<b>Issue Area</b>	<b>Grant</b>
Diocese of Brooklyn	Churches United for Fair Housing, Inc.	Housing	65,000.00

While the CCHD grant area specifies that its grant to CUFFH was for its work in "housing, the fact of the matter is that CUFFH is actively promoting abortion, contraception, and LGBTQ ideologies. Furthermore, in violation of the CCHD's grant requirement that grantees not be members of coalitions that act against Church teaching, CUFFH is a member of the Center for Popular Democracy, which is pro-abortion.

## Our Work

CUFFH offers year-round affordable housing workshops where community members receive an introduction to our work and get training and assistance to navigate New York City's affordable housing lottery application process. Residents receive expert, step-by-step advice on what to expect through the application process, including a review of the application and other required documents; information on financial empowerment and managing credit and debt portfolios; and additional support through the selection and interview process. In addition to larger workshops, CUFFH also provides One-on-One Application Assistance including information and training on the necessary interview skills and financial literacy needed to obtain an affordable housing unit.\*

### Access Services at Our Weekly Workshops

In addition to Affordable Housing assistance, CUFFH offers a wide range of referrals for additional services such as credit repair, tenants rights, legal support, immigrant rights, ELA, job training, domestic abuse assistance, and more.

Access these weekly services by visiting a location below or viewing our calendar of events.

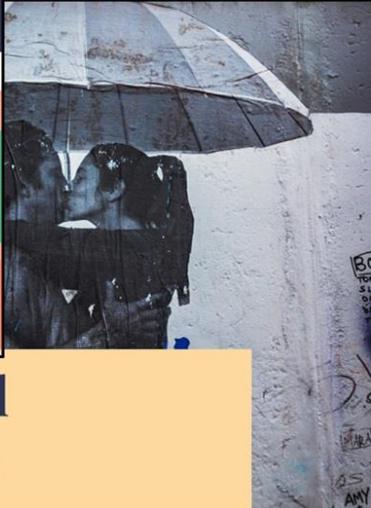

Community Health Resource Guide

Bearing CUFFH's logo on the front cover, proving that CUFFH wrote and produced the the document, page 7 of the [Community Health Resource Guide](#) says, "Use condoms as often as possible."

Sexual health

### Prevention

Sex is safer and more enjoyable when you and your partner(s) know that you do not have an STI. If you are having sex, here are some tips for preventing STIs:

- Use condoms as often as possible. Condoms are effective at preventing many STIs, including chlamydia, gonorrhea, syphilis and HIV. Condoms can prevent STIs during vaginal, anal and oral sex.
- Consider PrEP (pre-exposure prophylaxis) to prevent HIV. PrEP is a pill you take daily to reduce the risk of HIV infection. Talk to your health care provider, or find one of the many clinics with experience providing PrEP in NYC.
- Take emergency PEP (post-exposure prophylaxis) if you are exposed to HIV. PEP can stop HIV infection if started within 36 hours (but not beyond 72 hours) of exposure. Go to an emergency room, clinic or NYC Sexual Health Clinic and ask for emergency PEP to prevent HIV, or call the NYC PEP Hotline at (844) 3-PEPNYC (844-373-7692).
- Get vaccinated. Some STIs can be prevented with a vaccine, including HPV (human papillomavirus, a virus that can cause cancer and genital warts), hepatitis A and hepatitis B (viruses that can cause liver cancer).
- Get tested regularly.

### When to Get Tested

Given this context, it's not hard to conclude that this [March 2020 webinar](#) on "womxn reproductive health" would have included information on contraception and abortion. While there is no explicit mention of abortion or contraception on the poster, their use of the term "reproductive health" and the information to be discussed as "revolutionary" is telling.

On [October 12](#), CUFFH reminded its followers that the next night (the Feast of Our Lady of Fatima), CUFFH would be holding a "Revolutionary Cinema" movie night, showing the movie "Reversing Roe."

Despite being billed as a "fair and balanced" look at abortion and the politics of the United States regarding the disastrous *Roe v. Wade* decision, the movie was a plain and clear piece of pro-abortion propaganda. An article by Catholic News Agency titled, "[Pro-Life Women Say They Were Overlooked by Netflix Documentary 'Reversing Roe'](#)" notes:

"Critics of the film note that appearances by abortion advocates far outnumber appearances by pro-life advocates, and three of the four pro-life individuals featured in the documentary are white males.

Several prominent women in the pro-life movement say they were contacted by the filmmakers, and in some cases spent multiple hours or days talking to the camera crew, but were not included at all in the final documentary. In addition to Mancini, these women include Destiny Herndon-De La Rosa, founder of New Wave Feminists; Catherine Foster, president of Americans United for Life; and Abby Johnson, a former Planned Parenthood employee who runs *And Then There Were None*."

**CUFFH promoting homosexual and transgender ideologies**

On July 29, 2020 CUFFH posted an article on Medium titled, "[Why Are Pronouns Important? CUFFH's Statement on Pronouns.](#)" In the opening paragraph, CUFFH openly professes its work for transgender ideologies:

**"At CUFFH it is important for us to ally with the transgender and gender non-conforming community.** How we address each other, our communities, and our allies is integral to our daily interactions and mission. **We commit to including our pronouns** in email, business cards, meetings, on our website, and other spaces to hold ourselves accountable **in the fight for gender justice and equity.**" (emphasis added)

After exploring some rather bizarre concepts regarding the use of pronouns, CUFFH closes the article by saying:

**"We cannot assume people's gender** by their name, clothes, how they speak or how they express themselves.

**How Do You Ask Someone About Their Pronouns?** Try asking: "What are your gender pronouns?" or "Which pronouns do you use?" or "Can you remind me which pronouns you use for yourself?" It can feel awkward at first, but it is not half as awkward as getting it wrong or making a hurtful assumption.

**If you'd like to have more of a conversation about why this is important, please reach out to CUFFH at 718-360-2906 or through our website at [cuffh.org/contact](http://cuffh.org/contact). We'd love to talk.**" (emphasis original)

Given this background, clearly indicating that CUFFH is completely committed to promoting transgender ideologies, some of its other activities reinforce this commitment.

On CUFFH's web page [for Youth Organizing](#), CUFFH indicates that the curriculum it uses for GROW Bushwick includes the promotion of "LGBTQ rights."

**GROW Bushwick**

Partnering with the Academy of Urban Planning & Engineering, CUFFH develops high-school students into strong advocates for social justice, both inside and outside of the classroom. Meeting weekly during the school year, GROW Bushwick uses a curriculum that comprehensively discusses issues from gentrification to LGBT rights, and builds an intersectional lens which students can apply to the rest of their education. From protests in Bushwick to conferences in Manhattan and even civil rights marches in Washington DC, students have the opportunity to learn in action and build with important movements.

### **Member of Pro-Abortion Coalition**

The CCHD absolutely forbids organizations from membership in organizations acting against Catholic teaching. In an [FAQ on the USCCB website](#), the CCHD directly answers the question about whether grantees may be members of coalitions that oppose Catholic teachings. In answer, the CCHD firmly stated, "CCHD will not fund groups that are knowingly members of coalitions that have as part of their organizational purpose or coalition agenda, positions or actions that contradict fundamental Catholic moral and social teaching."

#### **What about participation in coalitions for a good purpose, like better wages or housing, that include groups acting against Catholic values on other issues?**

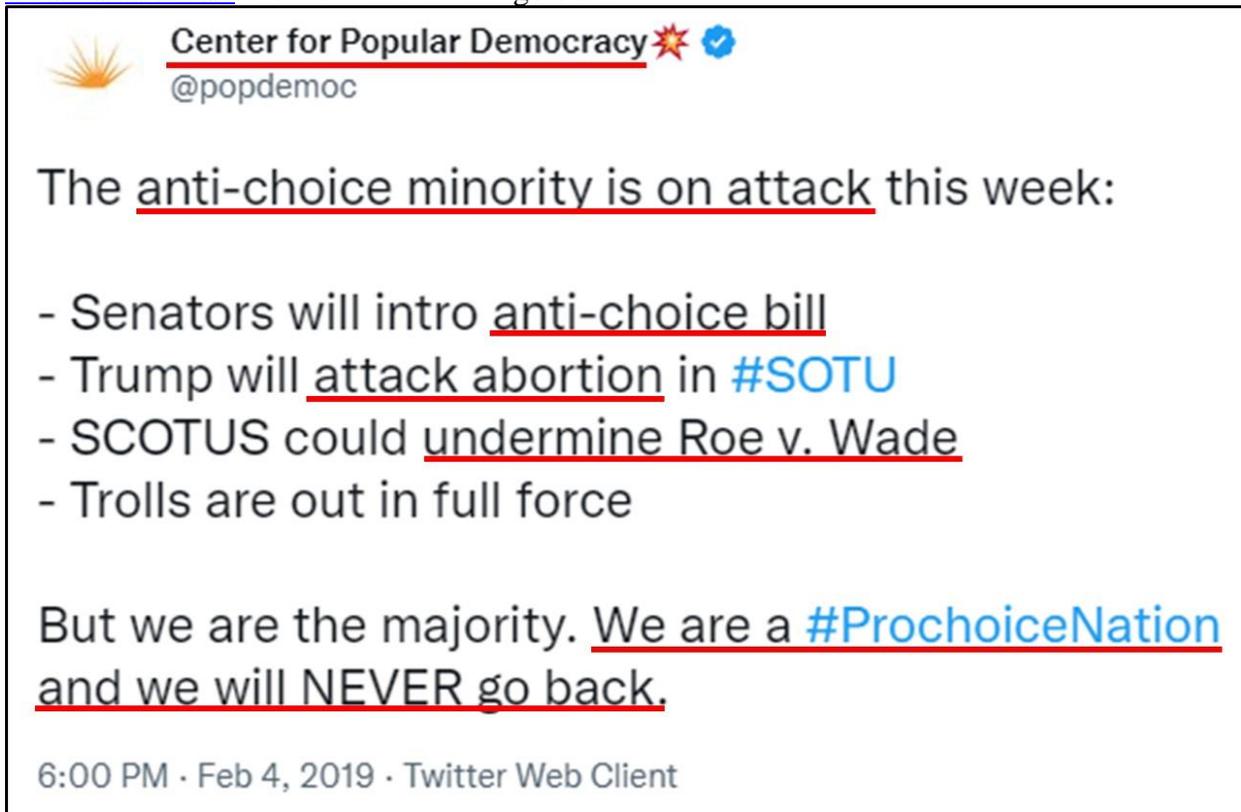

CCHD encourages groups to work across geographical, racial, ethnic, economic, and ideological lines to overcome poverty and advance the common good. However, CCHD will not fund groups that are knowingly members of coalitions that have as part of their organizational purpose or coalition agenda, positions or actions that contradict fundamental Catholic moral and social teaching (e.g. promotion or support of abortion, same-sex marriage, euthanasia, racism, as well as the use of the death penalty punitive measures toward immigrants, etc.). Prohibited activities include participation in or endorsing actions that promote legislation, and ballot initiatives (including voter guides and other written materials) that contradict Catholic moral or social teaching.

Despite this, CUFFH is a member of the pro-abortion Center for Popular Democracy. CUFFH is identified as an affiliate member on the [Center for Popular Democracy's Affiliates Page](#).

And the Center for Popular Democracy (CPD) is completely in the tank for abortion.

In [February of 2019](#), CPD decried pro-life efforts to criminalize abortion declaring, "We are a [#ProchoiceNation](#) and we will NEVER go back."

In [May 2019](#), CPD insinuated in a tweet that pro-life legislation was somehow racist.

The gov of Alabama signed a law that would make abortion a felony. According to numbers collected in 2015 by the Kaiser Family Foundation, the majority of women who obtain legal abortions in Alabama are black; every state senator who voted for the bill was a white Republican man.
