

Organizing Neighborhoods for Equality: Northside

Organizing Neighborhoods for Equality: Northside (ONE Northside) has been receiving grants from the Catholic Campaign for Human Development (CCHD) since 2016. In all, it has received \$230,000, including the \$40,000 it received for the most recently published CCHD grants cycle of [2020-2021](#).

ONE Northside has key staff members who are committed to the promotion of homosexual and transgender ideologies as well as the promotion of "reproductive Justice" Additionally, ONE Northside has itself promoted homosexual and transgender ideologies, and is a member of several organizations (in direct violation of CCHD grant guidelines) that are radically pro-abortion and pro-LGBTQ.

On [June 28, 2020](#), ONE Northside co-hosted "Pride Without Prejudice" March, spotlighting transgender activism. The write-up on the event reads, in part:

"We will unapologetically highlight issues of racism, police violence, and the obscene amount of money spent on a militarized police, and a military which polices the world. In so doing, **we will be honoring the rich, but largely forgotten history of the Stonewall Rebellion** and the movement that followed it.

Not only was Stonewall a rebellion against police violence, fighting racism was also a core principle of the movement that came immediately after it. **Our early LGBTQ movement** organized many actions against racism and police violence in solidarity with the Black Panther Party, leading the BPP to become the first large "non-LGBTQ" organization to embrace what at the time was called "**gay liberation**."

As the saying goes, "Personnel is policy," which is why ONE Northside's push for transgender ideologies shouldn't be too much of a surprise. Several of its key staff members are LGBTQ activists, who also advocate for contraception and "reproductive justice."

According to [ONE Northside's "About" page](#), Gabe Dulecki is ONE Northside's Affordable Housing Organizer. Biologically female and originally named "Alaina," Dulecki's ONE Northside profile indicates that she identifies as "he," has been engaged in "reproductive justice" organizing, claims to be a "queer, trans" person, and likes to read "queer novels."

GABE DULECKI

Affordable Housing Organizer - Developments Committee

Gabe (they/he) joined the ONE Northside staff in 2022 as one of the three Housing Organizers-- their focus is on ensuring the availability of affordable housing through new developments. They found their passion for organizing during college, and have been organizing around reproductive justice since 2016. Before joining the team, Gabe was working in the service industry for 10 years. Gabe is a queer, trans, disabled person; each of these identities help to frame the way he approaches organizing and shape the future of liberation that he fights for. In his free time, Gabe loves spending time with his friends and pitbull Chula, curling up with a queer novel, and is an avid fan of public transportation.

Hi all!

You may have seen my earlier post, but SRJ is in need of some financial support! We need to raise \$100 in the next three days in order to renew our website, which is one of the most important tools we have as an organization!

As a non-registered student organization we do not receive financial assistance from the university, so every dollar helps us to continue in the fight for reproductive justice on campus!

After two years of organizing we have...

- Provided over 10,000 condoms to our community via Txt Jane and weekly distributions
- Provided our community with free and sustainable menstrual products, stocked weekly and personally by our members
- Organized for the Wellness Center to provide PEP, HIV/AIDS treatment medication
- Gave sexual health and consent presentations to Loyola Greek life

What better way to give back SRJ than donating to keep our website up and running? Every donation is an investment into realizing reproductive justice at Loyola University Chicago, Rogers Park and beyond! SRJ sincerely thanks you for your time, consideration and support.

Anna Gaebler, One Northside's Economic Justice organizer notes in her bio that she identifies as a "queer."

ANNA GAEBLER

Economic Justice Organizer

Anna (she/her) brings people together to fight big corporate power, redistribute wealth, and win investment in our communities. Before ONE Northside, Anna worked at SEIU and organized on her college campus, including staging a 5-person hunger strike for campus worker rights that got national media attention. Her Jewish and queer identities lead her to fight for justice and liberation. In her spare time, Anna spends as much time outside as possible riding her bike, playing soccer, and dunking in Lake Michigan.

ELEANA MOLISE

Mental Health Justice Organizer

Eleana (she/her) began her time at ONE Northside as an intern on the Mental Health Justice Team while in college. At ONE Northside she learned about community organizing and decided that she would organize with her community for the rest of her life. She joined staff in 2017 following a gig as a Sex Ed teacher. Eleana is committed to building a queer, multi-racial movement to win a caring universal healthcare system that centers mental healthcare. When shes not organizing, you can catch her in the pottery studio, with friends or watching Real Housewives of Potomac.

Heard of a great counter protest tactic:

Start a fundraiser before the anti protest with women's rights defenders pledging a donation for the number of demonstrators who show up (funds going to the local healthcare clinic). Maybe build a little chart to follow the pledged donations by the entrance. Anti abortion protesters will be able to see (in real time) the impact their presence is having on abortion providing clinics!

ONE Northside Membership in People's Action Institute

The CCHD absolutely forbids organizations from membership in organizations acting against Catholic teaching. In an [FAQ on the USCCB website](#), the CCHD directly answers the question about whether grantees may be members of coalitions that oppose Catholic teachings. In answer, the CCHD firmly stated, "CCHD will not fund groups that are knowingly members of coalitions that have as part of their organizational purpose or coalition agenda, positions or actions that contradict fundamental Catholic moral and social teaching."

What about participation in coalitions for a good purpose, like better wages or housing, that include groups acting against Catholic values on other issues?

CCHD encourages groups to work across geographical, racial, ethnic, economic, and ideological lines to overcome poverty and advance the common good. However, CCHD will not fund groups that are knowingly members of coalitions that have as part of their organizational purpose or coalition agenda, positions or actions that contradict fundamental Catholic moral and social teaching (e.g. promotion or support of abortion, same-sex marriage, euthanasia, racism, as well as the use of the death penalty punitive measures toward immigrants, etc.). Prohibited activities include participation in or endorsing actions that promote legislation, and ballot initiatives (including voter guides and other written materials) that contradict Catholic moral or social teaching.

Given this, there is no excuse for [ONE Northside to be a member](#) of the People's Action Institute (PAI). And even though its members page contains a disclaimer which says that the “*Member organizations are independent and affiliation does not imply agreement or participation in all of the positions or programs of People's Action Institute,*” the disclaimer does no good to protect the organization from the CCHD guideline prohibiting membership in such groups, especially since PAI affiliates pay dues to the organization.

People's Action Institute is a national organization driven by local and state organizing. Take action in your community by joining one of our member organizations.

Note: The organizations on this page operate as tax-exempt charitable or educational groups under 501(c)(3) of the Internal Revenue Service code. In [September of 2018](#), PAI posted a call to have Bret Kavanaugh voted down as a candidate for

the Supreme Court saying, "We won't go back to a world without safe, legal abortion."

In March of 2019, PAI published its "[Healthcare For All Platform](#)," which demanded that all attempts to obstruct access to abortion be stopped, completely.

OUR HEALTH CARE SYSTEM IN CRISIS

Our current healthcare system is driven by profit and governed by insurance and pharmaceutical companies, rather than by the people. In calling for **Improved Medicare for All** we are fighting to shift power from corporations and the 1 percent (insurance & drug corporations), move health care resources into the public sphere (and people into public coverage), increase community control, and combat exclusion on the basis of race, gender, citizenship status, age, and ability. We must directly counter the racialized vilification of public programs and challenge narrative frameworks that view anyone as undeserving of care. And we must move towards the realization of the sovereign treaty right to health care for American Indians. Fighting for universal health care allows us to put corporate power, immigrant exclusion, and racial and gender inequity at the center of the debate.

HEALTHCARE IS A HUMAN RIGHT & A PUBLIC GOOD

We will know we have won when health care is:

- ✓ For health, not profit
- ✓ Simple, universal, and available
- ✓ Fully resourced
- ✓ Equitable across race, gender, ability, and region
- ✓ Delivered by health care workers who are fairly and fully compensated for their labor
- ✓ Inclusive and comprehensive (including medicines, medical equipment, vision/dental/hearing care, reproductive care, mental health care, harm reduction and treatment for substance misuse, preventive care, and long-term care and home care)

PROTECTING EXISTING FEDERAL HEALTH PROGRAMS AND FUNDING

- We must prevent the repeal or replacement of the Affordable Care Act, in part or in full, both in Congress and the court system.
- We must prevent budget cuts to Medicare, Medicaid, the Child Health Insurance Program (CHIP), the Supplemental Nutrition Assistance Program (SNAP), and Social Security, and fight for full funding of these vital programs as core components of our established health care infrastructure.
- We must stop all attempts to prevent vulnerable communities and populations from accessing federally funded health care through changes to eligibility requirements, such as citizenship status, or covered services, particularly reproductive health care and access to abortion.

On [June 24, 2022](#), the very day the Supreme Court ruled to overturn *Roe v. Wade*, People's Action issued a press release calling the landmark ruling a "direct assault on our people's freedom to make decisions about what's best for them." People's Action then vowed to "fight back," saying:

“Access to abortion care is central to protecting our bodily autonomy, health care, privacy, and freedom. Anti-abortion legislation is not pro-life: it's pro-white supremacy and anti-democratic.

“We need to defend our democracy and protect our people. **At People’s Action, we’re leading an organizing revival** to build a government for us and led by us, the multiracial, poor and working class. **This ruling only fuels our righteous rage and determination to fight back.**”

Conclusion

ONE Northside has directly promoted transgender ideologies, which clearly fits the mold of the ideology of organization itself, which is staffed with LGBTQ activists. Additionally, ONE Northside is a dues-paying member of the radically pro-abortion People's Action Institute in direct violation of CCHD grant guidelines.
